Re: Replicating High Performing Charter School Programs through the Education Achievement Authority of Michigan

Dear Colleague:

This letter of invitation is being sent to high performing charter schools, networks, and new operators to extend an extraordinary opportunity to you and to ascertain your interest in working with the Education Achievement Authority of Michigan.

The Education Achievement Authority of Michigan (“EAA”) was created in August, 2011 through a groundbreaking agreement between the Board of Regents of Eastern Michigan University and the School District for the City of Detroit to establish a statewide system of schools to radically transform teaching and learning in Michigan’s priority schools. One of the primary goals of the EAA is to create opportunities for new and innovative schools to take root in Michigan with the first group of schools scheduled to open in Detroit in the fall, 2012. We are committed to providing charter schools with total flexibility and autonomy for school operations, curriculum design, teaching methodology and strategies, and other applicable decision making authority to achieve statistically significant increases in measureable student academic achievement as determined by the EAA and approved by its governing board. With this goal in mind, we are extending to you an invitation to join us for an informational meeting on February 19, 2013 beginning at 1:30 pm at the EAA Office located at 3022 West Grand Boulevard, Suite L-460, Detroit, Michigan.

During this meeting, we will share information on the Education Achievement Authority of Michigan, provide an overview of our goals and objectives, share critical information about the application process and answer any questions you may have. Please RSVP to Ms. Arese Robinson via email at ARobinson@eaaofmichigan.org or call 313.456.3755. Thank you in advance for your time and interest in this most important work. We look forward to seeing you February 19, 2013.

Sincerely,

J. Wm. Covington, Ed. D., Ph.D.
Chancellor

INTRODUCTION

In August 2011 the Board of Regents of Eastern Michigan University and the School District for the City of Detroit established an agreement representing a bold initiative to provide public school children and families stronger educational opportunities. Through the Education Achievement Authority (“EAA”), Michigan is now turning around the lowest achieving schools in the state.

The EAA is a key component of Michigan’s strategy to increase student achievement in urban and rural schools. The EAA uses a portfolio strategy to manage schools and improve student achievement. In accordance with its status as a charter school authorizer, the EAA is pleased to invite proposals from non-profit organizations seeking to open quality charter schools in Fall 2013 or later. This invitation is also intended for education service providers (“ESPs”) and charter management organizations (“CMOs”) that are interested in being considered to contract with EAA chartered public school academies.

This Request for Qualifications (RFQ) seeks new operators interested in starting a charter school. New operators are those applicants intending to find or develop a facility separate from that in which a priority school – as identified by the state – is located, OR intending to operate in a priority school side-by-side with the existing school and without any students assigned to the proposed school. No students will be assigned to a school established by a new operator. Enrollment is by affirmative choice of eligible families.

Automatic Waivers of State Statutes and Rules

By submitting this application, the applicant requests a waiver of all education statutes and rules of the State Board or Department of Education, except those listed in sections 170 to 177 of 1931 PA 327, MCL 450.170 to 450.177.

Facilities

The EAA's chartering authority derives from its statutory authority to assume the operation of chronically underperforming schools. This RFQ is designed to identify qualified operators who can then be matched with appropriate facilities as schools come under EAA's authority. This section solicits information that will help the EAA to match operators with appropriate facilities.

An applicant may also seek to operate in independent facilities. Regardless of the site, however, an EAA charter school or transformation partner school must serve exclusively children who were previously attending a school that has come under the EAA's jurisdiction.
