

Central Collegiate Academy

The **Appendix Report** is designed to provide the most in-depth information about a school's results on each metric of the Performance Framework. Use the column definitions on this first page to review the information on the subsequent pages.

Current Year	The school's 2014-15 result for a metric
Comparison	The type of comparison (i.e., similar schools, all schools, prior year(s))
Rating	The school's metric rating (i.e., Very Low , Low , Intermediate , High , or Very High)
Pts Earned	The number of points earned for a metric result and rating (1-10 points possible)
# of Schools	The number of schools whose results are included in the comparison group (e.g., the group of similar schools, etc.)
# of Prior Years	The number of prior years of results that are included for the comparison group

Min Value [V. Low]	The lowest metric result for any school in the comparison group. If this is the only cell highlighted, the school's metric result received a Very Low rating.
Low	The minimum result needed to earn a Low rating (metric results below this value receive a Very Low rating). This number is the same for all schools in the comparison group. If this is the farthest-right cell that is highlighted, the school's metric result received a Low rating.
Intermediate	The minimum result needed to earn an Intermediate rating (metric results below this value receive a Low , or Very Low rating). This number is the same for all schools in the comparison group. If this is the farthest-right cell that is highlighted, the school's metric result received an Intermediate rating.
High	The minimum result needed to earn a High rating (metric results below this value receive an Intermediate , Low , or Very Low rating). This number is the same for all schools in the comparison group. If this is the farthest-right cell that is highlighted, the school's metric result received a High rating.
V. High	The minimum result needed to earn a Very High rating (metric results below this value receive a High , Intermediate , Low , or Very Low rating). This number is the same for all schools in the comparison group. If this is the farthest-right cell that is highlighted, the school's metric result received a Very High rating.
Max Value	The highest metric result for any school in the comparison group.

Min Value [Sig Declined]	The lowest possible metric result on a particular metric. If this is the only cell highlighted, the school's metric result received a Significantly Declined rating.
Declined	The minimum metric result needed to earn a Declined rating. If this is the farthest-right cell that is highlighted, the school's metric result received a Declined rating.
Maintained(-)	The minimum metric result needed to earn a Maintained(-) rating. If this is the farthest-right cell that is highlighted, the school's metric result received a Maintained(-) rating.
Maintained(+)	The school's average metric result for the prior years included in the comparison, and the minimum result needed to earn a Maintained(+) rating. If this is the farthest-right cell that is highlighted, the school's metric result received a Maintained(+) rating.
Improved	The minimum metric result needed to earn an Improved rating. If this is the farthest-right cell that is highlighted, the school's metric result received an Improved rating.
Significantly Improved	The minimum metric result needed to earn a Significantly Improved rating. If this is the farthest-right cell that is highlighted, the school's metric result received a Significantly Improved rating.

Central Collegiate Academy
