

Denby High School

The **Appendix Report** is designed to provide the most in-depth information about a school's results on each metric of the Performance Framework. Use the column definitions on this first page to review the information on the subsequent pages.

| | |
|-------------------------|--|
| Current Year | The school's 2014-15 result for a metric |
| Comparison | The type of comparison (i.e., similar schools, all schools, prior year(s)) |
| Rating | The school's metric rating (i.e., Very Low , Low , Intermediate , High , or Very High) |
| Pts Earned | The number of points earned for a metric result and rating (1-10 points possible) |
| # of Schools | The number of schools whose results are included in the comparison group (e.g., the group of similar schools, etc.) |
| # of Prior Years | The number of prior years of results that are included for the comparison group |

| | |
|---------------------------|--|
| Min Value [V. Low] | The lowest metric result for any school in the comparison group. If this is the only cell highlighted, the school's metric result received a Very Low rating. |
| Low | The minimum result needed to earn a Low rating (metric results below this value receive a Very Low rating). This number is the same for all schools in the comparison group. If this is the farthest-right cell that is highlighted, the school's metric result received a Low rating. |
| Intermediate | The minimum result needed to earn an Intermediate rating (metric results below this value receive a Low , or Very Low rating). This number is the same for all schools in the comparison group. If this is the farthest-right cell that is highlighted, the school's metric result received an Intermediate rating. |
| High | The minimum result needed to earn a High rating (metric results below this value receive an Intermediate , Low , or Very Low rating). This number is the same for all schools in the comparison group. If this is the farthest-right cell that is highlighted, the school's metric result received a High rating. |
| V. High | The minimum result needed to earn a Very High rating (metric results below this value receive a High , Intermediate , Low , or Very Low rating). This number is the same for all schools in the comparison group. If this is the farthest-right cell that is highlighted, the school's metric result received a Very High rating. |
| Max Value | The highest metric result for any school in the comparison group. |

| | |
|---------------------------------|--|
| Min Value [Sig Declined] | The lowest possible metric result on a particular metric. If this is the only cell highlighted, the school's metric result received a Significantly Declined rating. |
| Declined | The minimum metric result needed to earn a Declined rating. If this is the farthest-right cell that is highlighted, the school's metric result received a Declined rating. |
| Maintained(-) | The minimum metric result needed to earn a Maintained(-) rating. If this is the farthest-right cell that is highlighted, the school's metric result received a Maintained(-) rating. |
| Maintained(+) | The school's average metric result for the prior years included in the comparison, and the minimum result needed to earn a Maintained(+) rating. If this is the farthest-right cell that is highlighted, the school's metric result received a Maintained(+) rating. |
| Improved | The minimum metric result needed to earn an Improved rating. If this is the farthest-right cell that is highlighted, the school's metric result received an Improved rating. |
| Significantly Improved | The minimum metric result needed to earn a Significantly Improved rating. If this is the farthest-right cell that is highlighted, the school's metric result received a Significantly Improved rating. |
